Cash Management

The total available cash on hand balance on Sept 2023 was \$488.8 million compared to \$444.3 million on September 30th, 2022. This includes Operating and Reserve Funds. The 2023/2024 trend showed a steady and predictable decline as available reserves will be used from July through February until property tax revenues are received beginning in March and continuing through June. Due to the timing of cash receipts, the potential need for a supplemental cash flow resource is reviewed and analyzed annually.

Quarterly Financial Report

Flag Program Criteria — 2023-24

Key factors for being  (OBSERVED) or  (MONITORED)

Observed: Programs and functions designated with a red flag are observed closely because an identified risk to the District's financial performance has been identified.

Monitored: Programs and functions designated with a yellow flag are monitored to inform District leadership that a variance from planned activity has been identified.

An example of the way programs and functions might be affected:

- they might receive audit comments from CliftonLarsonAllen.
- they could have unexpected usage of pooled cash.
- they could reflect inconsistencies in expenditures, either positive or negative.

Changing from  (OBSERVED) to  (MONITORED)

Areas with programs and functions that are improving and can be changed from a red flag to a yellow flag, or for having the "yellow flag of concern" removed would:

- communicate a corrective action plan that all parties believe is reasonable.
- identify measurable milestones within the plan.
- demonstrate implementation of a plan.

Eliminating  (MONITORED)

Steps that must be taken by areas for programs and functions to have the "yellow flag of concern" removed:

- actions required to resolve audit comments must be fully implemented.
- develop a revised budget of current and projected expenditures that is less than the area's current budget.
- current and projected revenue must exceed current and projected expenditures.
- ability to operate next budget cycle within available resources.
