Dr. Cynthia Stevenson Members of the Board of Education Jefferson County Public School District, No. R-1 Golden, CO 80401

#### Ladies and Gentlemen:

I am pleased to present the 2009/2010 Adopted Budget. On September 3, 2009, the Board of Education adopted a Supplemental Appropriation to include final compensation adjustments as negotiated with employee associations. This Executive Summary incorporates the September 3, 2009 Supplemental Appropriation to most accurately reflect 2009/2010 planned spending for the district.

The district remains financially sound and is positioned to further endure the current economic challenges. Our responsible saving and spending has mitigated what might have been mid-year reductions. We are living in uncertain times. Preparation of this year's budget was particularly challenging in light of the national, state, and local economic conditions. Over the past six months, interest rates have reached a fifty year low, unemployment has reached a twenty-five year high, while the Dow plunged to a twelve year low. The economic impacts have hindered the State's ability to balance its budget which has directly impacted the certainty of School Finance Act funding. Legislative deliberations and actions were more difficult and diverse than we have seen in decades. Balancing short term suggested solutions with long term realities made for tough projections, heated discussions, and ultimately, controversial decisions. Your leadership and patience in weathering the ups and downs of State legislative decision-making has been appreciated.

#### School Finance Act

Senate Bill 09-256 has been passed by the State legislators. This year's School Finance Act brought both flexibility and restrictions. The School Finance Act does provide for a 4.9 percent increase in State Funding (3.9 percent inflationary increase plus 1 percent increase from Amendment 23). However, with this increase comes the mandated restriction of funds. The district is required to hold/reserve approximately \$11 M until January 29, 2010 in what will be called a Fiscal Emergency Restricted Reserve. This reserve will be evaluated following the December 2009 State Economic Forecast, at which time the State is anticipated to rescind the reserve. Based on speculations from top staff at the Colorado Department of Education, we should not plan on keeping the \$11 M held, restricted funds. The State's decision to fully fund the 4.9 percent was achieved

by depleting the State Education Fund and utilizing one-time funding sources. One-time Federal funds through the ARRA represent the largest portion of funds being utilized to balance (backfill) the states budget. Because there does not appear to be an additional source for future State revenues, and because K-12 education makes up 43 percent of State general fund expenditures, we must continue to be cautious in our spending and planning. Flexibility in resources utilized to fund TABOR reserve balances was amended into the Act. This change allows districts to pledge real property for its TABOR reserves. Although this Amendment will prove useful for districts with inadequate cash or liquid reserves, Jeffco is committed to maintaining liquid reserves at levels in line with best practices.

Mandated spending levels for capital and risk management were also removed from the Act. Again, this change provides relief for some districts in allocating scarce budget funds. Jeffco will continue to responsibly invest in our capital assets as we believe the investment in capital is critical and supports our continued commitment to maintaining our existing assets. Jeffco will also continue to make necessary transfers to adequately fund our insurance reserves. Other miscellaneous changes to the Act will be appropriately incorporated into our planning. Although the intent of the legislature was to provide flexibility and short-term solutions for school districts, other changes will be required to ensure the financial viability of public education in the future.

#### Reserves

We are planning to have close to \$164 M in reserves at the end of the 2008/2009 school year. We have intentionally built up these reserves and have a plan for strategically spending down reserves over the next four years. We must consistently communicate that reserves are one-time funds that cannot be committed (spent) on on-going costs such as compensation. Spending one-time funds for ongoing expenditures would be financially irresponsible. All projected reserve balances are incorporated in the budget projections, so although there is a variance from the earlier projections, the planned spend down has been adjusted to account for the change.

#### **Negotiations**

The district reached a contract settlement with the teacher's union (JCEA), and the classified employees association (CSEA). Compensation is 86 percent of our total General Fund budget, so ongoing compensation decisions do have long term impacts. Following is summary of the agreement reached with employees.

- Steps and Levels will increase for JCEA
- Steps will increase for CSEA
- Variable pay will be provided to JCAA
- A one percent ongoing increase will go on all base salaries
- A one percent one-time payment will be given in November 2009
- An additional one percent one-time payment will be given in April 2009

- If the district is allowed to keep the \$11M in State money held in reserve until January 2010 and the state money becomes ongoing revenue for the district, the one percent one-time payment made in April will become an ongoing base salary increase.
- Although timing of payments may vary slightly between associations, this
  is a general summary of compensation changes.

"I believe it's a fair contract that acknowledges the excellence of our employees while at the same time, keeping the district fiscally sound," from Superintendent Dr. Cynthia Stevenson.

The one-time compensation adjustments will be funded from funds from 2008/2009 under-spending and reserves. Although ongoing increases are preferred, additional ongoing increases would reduce district reserves to a dangerously low level.

The original Adopted budget incorporated steps, levels, and a one-time 1 percent cost of living payment for employees. The district, by legislative mandate, will also be required to increase its employer contribution to PERA by 0.9 percent in the 2009/2010 school year. This increase is part of compensation and contributes to ensuring the retirement system can remain sound. By the end of the 2009/2010 school year, Jeffco's legislatively mandated employer contribution to PERA will be at 13.85 percent. The September 3<sup>rd</sup> Supplemental Appropriation increased expenditures to cover the 1 percent on-going adjustment as well as the additional one-time 1 percent.

#### Reductions

This adopted budget includes \$11.9 M in reductions, which incorporates 100 fewer positions planned for the General Fund. Fortunately, the majority of the reductions in FTEs can be managed via attrition. We have been able to reduce elementary and middle school staffing while maintaining contractually desired class size ranges. To accommodate the necessary reductions, the district has chosen to slow down the Warren Tech North expansion and decelerate the implementation of the increased graduation requirements. Diverse Learners (previously Exceptional Student Services) will curtail expenditures by \$1.0 M via the implementation of a new special education staffing allocation model and other organizational changes within the department. Fortunately, the transition can be temporarily mitigated by the infusion of stimulus funds. Transportation will be eliminating bus routes and adjusting school start times to contribute to its share of required reductions. Other cutbacks in central departments will be accommodated through service level reductions, departmental restructuring, and redistributions of workloads. A specific listing of reductions can be found beginning on page 38.

#### **Budgeting for Results**

Despite the challenging economic times and uncertainties in future funding, Jeffco has held to its commitment to Budgeting for Results. It is critical that we invest in what we know is working. This adopted budget contains \$2.5 M in new expenditures targeted at instructional success. Funding for additional classroom teachers to support grades K-2, technology support for schools, along with additional interventions including Read 180 and school-based Response to Intervention training, will help maintain the achievement momentum that has been growing over the past two years. A summary of funded proposals is presented on page 37.

Stimulus Funds - American Recovery and Reinvestment Act of 2009 On the bright side, we are planning to receive federal stimulus funds that will help carry us through the next two years. The use of these funds is restricted to IDEA and Title I related expenditures, so although we expect a \$25 M infusion over the next two years, the funds cannot be used to cover basic gaps in operating expenditures or compensation. As legislated, we will use these funds to save jobs, improve student achievement, improve teacher effectiveness, and to provide intensive support and interventions to our lowest performing schools. We are still awaiting final rules and guidelines regarding the programming of these funds. The reporting requirements and accountabilities tied to these funds are anticipated to far exceed regulations tied to other IDEA and Title I grant funds. We will have a website and on-going reporting for the stimulus funds to ensure our community trusts and has confidence in our management of these funds. Current specific plans for the stimulus funds can be found on page 140.

#### **Budget Process**

With all of the moving parts of this year's budget process, we have relied even more heavily on the guidance of the Board of Education, Superintendent Dr. Cynthia Stevenson, and Cabinet level advisors to align our planned spending with the core values of the district. This direction was essential in identifying the programs that are of the utmost importance in accordance with our Strategic Plan and Mission Statement. Jeffco values the input that we receive from our vast support system including our Stakeholder Panel, Financial Oversight Committee, and Strategic Planning Advisory Council. For this budget, we also enlisted the assistance of employees, association representatives, and community members who participated in budget workgroups to create a list of proposed reductions for the Board of Education to consider. We held many public forums to present the possible reductions and to collect feedback from our community.

<u>Public hearings were held on **June 4, 2009** and **June 11, 2009** prior to the adoption of the budget. We are very grateful for all of the people who injected their ideas, passion, and beliefs into this budget on behalf of our students.</u>

#### **Proceed with Caution**

This adopted budget was developed based upon the most current information available. Our best hope is to receive better economic information in the next

twelve to eighteen months. Fortunately, we are financially positioned to weather what is on the radar.

If you have any questions, or should require additional information, I can be reached at (303) 982-6762.

Sincerely,

Lorie Gillis

**Chief Financial Officer** 

#### Introduction

#### **Demographics**

Jefferson County School District, R-1 is the largest school district in the State of Colorado serving over 85,000 students annually and is the 35th largest district in the nation. The district encompasses over 777 square miles and is located approximately 10 miles west of downtown Denver and extends into the surrounding foothills. The school district includes the cities of Arvada, Edgewater, Golden, Lakewood, Wheat Ridge, and parts of Broomfield, Littleton and Westminster. It also includes the towns of Bow Mar, Morrison and the unincorporated areas of Evergreen and Conifer. The population of Jefferson County is approximately 534,000.

Jeffco Public School District includes a wide variety of facilities including 152 schools, bus terminals, stadiums, district offices, and operational and training facilities. There are 94 elementary schools within the district, 20 middle schools, 17 high schools, 13 charter schools, and 8 option schools.

The district is also the largest employer in Jefferson County with over 12,000 employees and an additional number of substitute and temporary employees of nearly 2,000. Of that 14,000 total, there are over 5,000 certificated staff of which 57 percent have Masters Degrees or higher.

#### **Overview**

Jeffco has been challenged in our annual budget development for 2009/2010. Due to the state of the economy, Colorado has a budgetary revenue shortfall of over \$ 800 M for the current fiscal year. The State has been forced to make current year funding rescissions in many departments and dramatic adjustments to their budget for next year. Because of these changes, there has been much uncertainty from the State of Colorado as to the funding for K-12 public education which has made developing Jeffco's budget difficult.

In addition, The American Recovery and Reinvestment Act of 2009 allocated large sums of money to public education. These grant funds are one-time funds that are to be used for very specific purposes. Jeffco is being very mindful of the planned use of these funds because they will be gone in 2011. The amounts, purposes, and planning regarding these funds can be found in the Grants budget in the Special Revenue section of this document.

This document provides a comprehensive but high level summary of Jeffco Public School District. It includes:

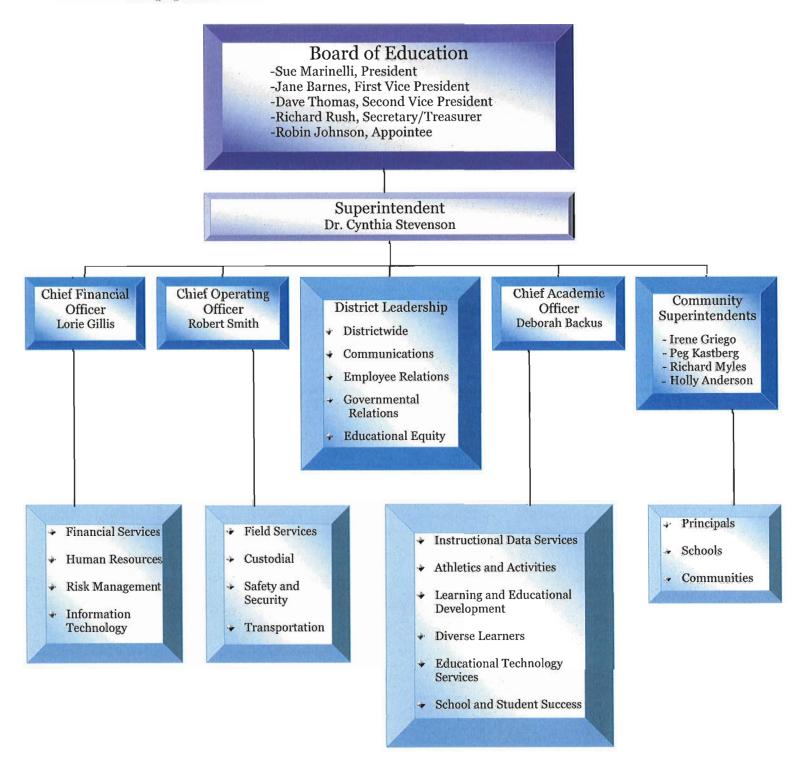

- → An overview of the organization
- The Mission, objectives, and values of the district
- A summary of the financial status of the district
- Initiatives, proposals, and reductions
- → A summary of staffing

For detailed information beyond this Executive Summary, the readers can reference the 2009/2010 Budget.

#### 2009/2010 Revised Adopted Budget

#### **Mission of the District**

To provide a quality education that prepares all children for a successful future.

#### **Ends Policies**

Ends 1	All students explore and develop their potential as productive global citizens in a
	21st century environment.
Ends 2	Students will demonstrate responsible citizenship in our communities.
Ends 3	Students will possess personal characteristics and life skills to successfully meet
	life's challenges.

#### Strategic Plan

#### Goals

- All students graduate prepared for continued learning and the world of work in the 21st century.
- All employees are accountable for a high performing organization.

#### **Objectives**

#### **Business & Finance**

- Ensure the alignment of resources to increase student achievement and organizational effectiveness.
- 2. Ensue Informational Technology is current, supportable, and service focused.
- 3. Ensure a workforce that is diverse, qualified, and skilled.
- 4. Ensure a sound financial position within all funds, schools, and departments.

#### Community

- Ensure the district reaches out to the community and continuously builds support for Jeffco Schools.
- 2. Ensure staff, community, and parent/family involvement focuses on increased student achievement.

#### Instruction

- 1. Ensure curricula, assessments, instruction, and the tools of technology support schools in increasing academic achievement.
- 2. Ensure professional development of all staff that results in improved skills to increase student achievement and instructional leadership capacity.
- 3. Ensure students have access to alternative pathways and interventions to improve achievement, close achievement gaps, and increase graduation rates.
- 4. Ensure that the Division of Instruction meets federal and state compliance requirements.

#### Leadership

- 1. Ensure effective communication with employees, community members, and the media.
- 2. Ensure district accreditation through increased student achievement.
- 3. Ensure research into and implementation of strategies and systems to improve both student achievement and organizational performance.
- 4. Ensure values driven leadership in all schools and in all departments.

#### 2009/2010 Revised Adopted Budget

#### Schools

- 1. Ensure that student achievement is increasing in every school regardless of gender, race/ethnicity, socioeconomic status, or special needs.
- 2. Ensure instructional staff development for teachers and for administrators results in improved skills to increase student achievement.
- 3. Ensure a safe, welcoming, caring, and collaborative community.
- 4. Ensure the alignment of resources to increase student achievement and organizational effectiveness.

#### Support Services

- Ensure facilities are planned, designed, and constructed to meet the needs of students and staff.
- 2. Ensure Food and Nutrition Services is managed to maintain efficient, nutritious, and cost effective operations.
- 3. Ensure a safe learning and working environment for all school and department personnel.
- 4. Ensure safe and efficient transportation services.
- 5. Ensure facilities are maintained to meet the needs of students and staff.

#### **Strategic Planning Process**

Jefferson County Public School District constantly strives to improve the quality of education for our students. Therefore, the district produces a **Strategic Plan** to unify the direction the schools and departments are moving by establishing uniform goals. The Strategic Plan, in addition to the Budgeting for Results process, further aligns resources with the district's mission of providing a quality education that prepares all children for a successful future. The district's 2008-2010 Strategic Plan is designed to increase student achievement and includes the district mission, ends policies, goals, and objectives. The district has established a Strategic Planning Advisory Council which includes the Superintendent, Chief Academic Officer, Chief Operating Officer, Chief Financial Officer, community superintendents, the Board of Education, and representatives of the following groups: parents, business, higher education, city/county governments, employee organizations, and the accountability committee. The purposes of the Strategic Planning Advisory Council include:

- ❖ Advise the district in meeting the requirements set forth in state law and the Colorado Department of Education regulations regarding accountability.
- → Gather data on students, parents, staff, and community needs related to education.
- → Advise the district on the development and implementation of the district's Strategic Plan, including mission, goals, objectives, indicators, and targets.
- → Increase community awareness of the Strategic Plan and the school/department improvement process.
- Review the summary of school/department improvement plans.
- Make budget recommendations.
- Advise the district on the annual report to Jefferson County citizens and on the annual district meeting.

### Budget Objectives The Budget will:

- ✓ Effectively allocate monetary resources to enhance student achievement.
- Clearly communicate the financial state of the district to the public.
- ✓ Identify evidenced-based results that increase student achievement.
- ✓ Comply with all state, federal, and local statutes and regulations as well as internal organizational controls.
- ✓ Identify all budgetary changes from year to year.
- ✓ Set appropriations to ensure positive reserve balances in all funds.

#### The process will continue to:

- ✓ Meet specified deadlines while producing a comprehensive and accurate budget.
- ✓ Provide opportunities for community and staff input.
- ✓ Identify budget assumptions used for the development process.
- ✓ Use forecasting to anticipate future needs and resources.
- ✓ Review all programs and department budgets.
- ✓ Embrace new thinking and unique perspectives even when advocating for change.

#### **Budget Development Process**

The district's budget development process is called **Budgeting for Results.** This process is a long-term initiative that better aligns available resources to positively impact student achievement. Although overall test scores remain good, the district is committed to greatness. Jefferson County Public School District recognizes the need for systemic change and increased focus on the strategies that are making the most difference for the students of Jefferson County.

#### The Process of Budgeting for Results

#### 1. Determine Available Funding

The first step in preparing a budget is to have a full understanding of total funds available. This has been particularly challenging this year due to the uncertainty of funding coming from the State. The School Finance Act, along with voter approved mill levy revenues generates the majority of district revenues. Enrollment and inflationary increases are woven into projections to provide financially sound and conservative funding parameters. After assuming \$11.9 M in efficiencies and reductions, the district set aside \$2.5 M in one-time funds for strategic investment during 2009/2010. Strategic investment represents an infusion of funds which target long term district goals as stated in our Strategic Plan. In spite of being in the midst of deep reductions, we must continue to invest in new and/or existing programs that have profound student impacts.

#### 2. Define Desired Results based on the Strategic Plan

The district's Strategic Plan is used as a continuous benchmark by which decisions are made in our Budgeting for Results process. The mission of the district, the main goals and objectives of the Strategic Plan, and the Ends Policies of the Board of Education are included in this document.

#### 3. Proposal Development and Prioritization

The idea generation process includes input from schools, articulation areas, departments, PTA, and the community. All proposals submitted are reviewed and prioritized by Cabinet, the Stakeholder Panel, the Board of Education, staff, and community members. There were 19 proposals brought forth through the Budgeting for Results process totaling more than \$ 7.5 M.

#### 4. Board of Education Direction

Decisions are made based on the Strategic Plan and the Core Values of the Board of Education.

#### 5. Public Input Process

Board of Education Public Hearing – Thursday, June 4, 2009

Board of Education Public Hearing – Thursday, June 11, 2009

Board of Education adopts the 2009/2010 Budget - Thursday, June 11, 2009

Board of Education adopts the Revised 2009/2010 Budget - Thursday, September 3, 2009

#### **Budget Development Cycle and Calendar**

Start

July - September 2008

Generate the Budget Cycle Schedule.

Set districtwide reduction targets.

#### September 2009

Board of Education adopts the Revised 2009/2010 Budget which includes changes related to the settlement with the Teachers' Association.

November/December 2008
Outline the district's budget

parameters:
• Revenue (Colorado School

- Revenue (Colorado School Finance, voter approved mill levies, inflationary increases)
- Expenditures (Preliminary reduction possibilities are identified in budget workgroups)
- Enrollment forecast
- · Long-term financial goals

August 2009 Settlement is reached with Teachers' Association for the 2009/2010 school year.

#### June 2009

Two public hearings held and the Board of Education adopts the 2009/2010 Budget.

#### **April 2009**

First draft of the Executive Summary is published.

#### January 2009

BFR proposals are submitted. Cabinet meets to screen the proposals, make recommendations, and develop implementation plans. Board of Education receives the detailed proposals.

Departments begin the process of prioritizing items and developing their initial budgets for 2009/2010.

#### **March 2009**

Continue to modify 2009/2010 Budget according to ongoing State Actions.

Receive initial recommendation from Cabinet on BFR proposals and priorities for stimulus funds.

Assist departments in developing their final budgets.

#### February 2009

The Board of Educations identifies final budget reductions for 2009/2010.

Stakeholder Panel held to receive information on financial status of Colorado and Jeffco School District.

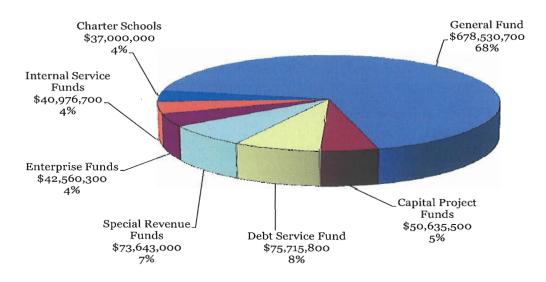

#### **Description of Funds**

General Fund	This fund is used for the routine operations funded by property taxes and other general revenues. It is the most significant fund in relation to the district's overall operations. The General Fund is used to manage all resources that are not legally, or by sound financial management, required to be managed in another fund.
Capital Project Funds	This fund is authorized by Colorado School Law and is used to fund ongoing capital needs such as site acquisition, building construction, and equipment purchases.
Debt Service Fund	This fund manages the accumulation of resources for the payment of general long-term debt - principal, interest, and related costs.
Special Revenue Funds	Special Revenue Funds account for revenues that are legally restricted to expenditures for particular purposes.
Enterprise Funds	Enterprise Funds are used to manage operations financed in a manner similar to a private business, i.e., where the costs of providing goods or services on a continuing basis are recovered primarily by user charges and fees.
Internal Services Funds	These funds are used to manage the cost of goods or services provided by the Internal Service Fund departments to other departments and schools on a cost-reimbursement basis.

The following pie chart illustrates the total district appropriation for each fund listed in the table above.

#### 2009/2010 Total Appropriation by Fund Type

# JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1 2008/2009 Revised Adopted Budget Two-Year

· •	Comparison	of Funds
_1	Total	

	Total Total				
	Appropriation	Appropriation	Amount		
Fund	2008/2009	2009/2010	Change	% Change	Reason for Change
General Fund	\$ 656,874,700	\$ 678,530,700	21,656,000	3.30%	Net increase due to salaries, benefits, graduation requirements, new Career Tech school, etc.
Capital Project Funds 2005A Building Fund - Capital Projects	50,629,200	-	(50,629,200)	) -100.00%	Spending of bond proceeds for capital construction completed.
Capital Reserve Fund	39,000,000	50,635,500	11,635,500	29.83%	Spending from reserve higher due to timing of completion of bond projects.
<b>Debt Service Fund</b>	75,667,500	75,715,800	48,300	0.06%	
Special Revenue Funds Campus Activity Fund	26,500,000	26,383,000	(117,000	) -0.44%	Slight decrease in expenditures related to school fundraising, clubs, and activities.
Grants Fund	33,030,100	47,260,000	14,229,900	43.08%	2009/2010 budget includes year 1 of the 2- year ARRA Stimulus Grant, including increases in Title I and IDEA grants.
Enterprise Funds Food Services Fund	24,446,100	24,821,400	375,300	1.54%	Increased expenditures relating to higher food costs and increase in at risk student population.
Child Care Fund	15,405,200	15,278,200	(127,000	) -0.82%	Decreased supplies and salaries due to more fully funded kindergarten classrooms.
Property Management Fund	1,629,500	2,460,700	831,200	51.01%	Planned spend down to contract for an assessment of capital needs for all district buildings.
Internal Service Funds Employee Benefits Fund	7,518,100	7,839,300	321,200	4.27%	Increased expenditures relating to Employee Wellness Program.
Risk Management/ Insurance Reserve	8,180,100	7,763,500	(416,600	) -5.09%	Net decrease related to staff reorganization and lower anticipated premiums and claim losses.
Technology Fund	20,031,100	21,581,400	1,550,300	7.74%	Increased expenditures due to the funding of ongoing and one-time BFR proposals to equalize technology at schools.
Central Services Fund	3,908,500	3,792,500	(116,000	) -2.97%	Decreased expenditures due to the increase in technology usage resulting in the reduction of printing services.
Charter Schools	43,000,000	37,000,000	(6,000,000	) -13.95%	Decreased expenditures due to refunding in 2008/2009.
Total All Funds	\$ 1,005,820,100	\$ 999,062,000	\$ (6,758,100	) -0.70%	_ =

#### JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1

#### 2009/2010 Revised Adopted Budget

#### Summary of Transactions Between Funds

	Summary of Tra	nsactio	ons Between F	2	2009/2010		
From	То	Ju	ne 30, 2008 Actual	June 30, 2009 Estimate			Revised Adopted Budget
User-Charges All Funds	Employee Benefit Fund	ф	6,862,891	¢	8,542,900	\$	8,237,300
All Funds All Funds All Funds All Funds	Insurance Reserve Fund Technology Fund Central Services General Fund	\$	368,082 13,806,173 3,605,360 5,862,780	φ	34,000 16,014,100 3,637,800 5,686,400	φ	38,700 15,138,200 3,724,300 5,322,400
Total User-Charg	es/Transactions Between Funds	\$	30,505,287	\$	33,915,200	\$	32,460,900

Transactions between funds occur to record and account for the financing of goods or services provided by one department to other departments and schools on a cost-reimbursement basis. To record the true budgetary impact on a fund, the transactions that occur between the funds must be eliminated from the total revenues and expenditures that are recorded and budgeted.

# **Economic Outlook**

#### **National**

Our national economy is in the midst of an economic crisis due to the collapse of the housing market and the resulting credit crisis. Credit problems are two fold; consumers are carrying too much debt and lenders are tightening qualification requirements in light of the disastrous subprime mortgage fiasco. These factors have contributed to the volatility on Wall Street and other global financial markets which results in consumers who are reluctant to spend in the face of an uncertain future. Consumer spending accounts for over two-thirds of the capital infusion into the national economy. When this influx is reduced, companies see a decrease in their profits and a possible drop in their value. Businesses, like consumers, are also unable to get the necessary credit they need to maintain operations, and as a result, companies have been forced into reduced production, employee layoffs, and even bankruptcy. This further reduces consumer confidence in the economy and so feeds into the deteriorating economic cycle. The National Bureau of Economic Research (NBER) has confirmed that the United States has been in a recession since December 2007. Since that time, the nation has reached upwards of 3.6 million lost jobs, half of which occurred in the last three months of 2008. The unemployment rate has risen to 8.5 percent nationally as of March 2009, the highest rate since 1993.

#### Colorado

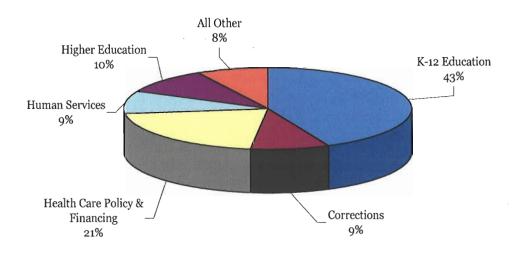

In the recent past, Colorado has faired slightly better than the nation. During 2008, Colorado continued to see very modest job and economic growth while most other states had already experienced a decline. According to Colorado University Economic Panel, Colorado will no longer see growth of any type and will in all likelihood lose over 4,300 jobs in 2009. This is a 0.2 percent drop. Most of the job loss will come from the construction and financial industries. As of 2009, Colorado officially joined the rest of the nation in the recession.

The State of Colorado, which is facing a budget shortfall of over \$ 800 M, has already taken drastic measures to ensure financial stability. Some of the measures include a hiring freeze of governmental jobs and the freezing of capital construction grants. Since 43 percent of the State's general fund budget goes to K-12 education; it is obvious that state reductions of this magnitude will greatly impact all school districts across the state. The proposed State budget has removed \$36.0 M in increases for performance-based pay awards that were previously budgeted for state employees, and it also proposes a reduction of state spending through reduced funding to all major State departments including Department of Corrections, State Education, and Transportation. The State is also imposing furlough days and reducing obligations for Capital Construction to assist in balancing the budget.

Many leading Colorado businesses, such as Janus Capital, Western Union, and Sun Microsystems have already begun employee layoffs or job cuts. Large companies, such as Village Homes, a residential home builder, Vail Plaza Hotel & Club, and Shane Co., the largest Colorado owned jeweler, have filed for bankruptcy protection. If lending remains so restrictive and companies are unable to obtain financing, more major business failures could result. Economists still believe that Colorado will fair better than most states. Colorado has a diverse economic base. The new energy initiatives, the so called green collar industry, and the technology based workforce, along with the prolific cultural and recreational activities should continue to attract individuals and businesses alike.

# State of Colorado FY 2009/2010 Major Department Share of General Fund

Source: Governor's FY 2009/2010 Budget Request dated February 23, 2009

#### Local

The uncertain and unstable national economy is affecting Colorado's state economy. These effects are trickling down to local governments including Jeffco Public School District. Jeffco has directly felt the negative impact of the economic downturn through lower interest earnings and lower tax collections and is facing budget shortfalls like the State of Colorado. Jeffco has had to incorporate rescissions of current funding from the State of Colorado totaling \$ 2.8 M for FY 2009. For 2009/2010 the State has opted to fund schools completely, but issued a stipulation that districts must hold a designated amount in reserves until January 2010. Jeffco's required amount is \$ 11.0 M. The State will notify districts in January 2010 if the funds have been released to spend or if the funds will be rescinded and need to be returned to the State. The Colorado Department of Education has cautioned that these funds will most likely be rescinded. Therefore, the district is bracing, along with all of the other school districts in the state, for the loss of these funds.

There is good news in that the American Recovery and Reinvestment Act of 2009 will provide substantial categorical funding, which has designated purposes, to Jeffco. Jeffco is expect to receive more than \$25.0 M over the next two years; however, these dollars will not continue after 2011 and must be spent according to the federal guidelines. All of these funds are earmarked for IDEA (special education) and Title I expenditures. Relief on the districts operating budget (general fund) will be limited.

# 2009/2010 Revised Adopted Budget

As a result of all of these factors, Jeffco must continue to tightly manage its spending and brace itself for a change in its operational philosophy. The current reduction amount that is estimated to be necessary over the next four years is nearly \$ 57.0 M. That number only factors in what we know as far as changes from the state, projections of inflation rate, and current projected economic conditions. Additional reductions will be required depending on Board direction in regards to any cost of living or benefit increases. The district will have to balance compensation and class size to ensure a balanced budget. With the uncertain economic future, every one of these factors is subject to change. And while no one is predicting the forecasts to improve, most economists are actually expecting the forecasts to worsen over the next eighteen to twenty-four months before the economic recovery begins. All of these components are contributing to a disturbing outlook for the funding of public education in the State of Colorado and across the nation.

In conclusion, the national, state, and local economic indicators clearly predict a continuing recession for 2009. Some analysts predict the recession to continue through the first two quarters of 2010. The district must keep in mind that the impacts to the district from the recession often lag behind overall economic impacts. So as the economy starts to improve, the district will follow but will not likely be simultaneous. Jeffco is doing everything possible to responsibly prepare for the difficult financial times ahead.

The following are a few of the major points of the state economic forecast for 2009:

- → Employment growth in the State of Colorado slowed dramatically in 2008. Employment is projected to decline by an additional 0.7% during 2009 according to the Colorado Office of State Planning and Budgeting (OSPB).
- → In 2008, unemployment in the State of Colorado rose to 5.8 percent, the highest rate in nearly twenty years. It is expected that unemployment will continue to rise in Colorado during 2009. Estimates range from 6.5 percent to just over 8.0 percent with the unemployment rate on the national front expected to climb to nearly 10.0 percent.²
- → Wage and salary income in Colorado rose 6.3 percent through 2007 and was expected to increase by 5.9 percent in 2008 and another 6.0 percent in 2009. In light of the current conditions, projections have been significantly reduced. It is thought that wage and salary income growth will be 2.9 percent in 2008 and a mere 1.9 percent in 2009.
- ❖ In sharp contrast to the earlier forecasts in which the Colorado residential housing market was projected to show a slight increase in permits being issued, new results are now actually showing a decline of up to 33.1 percent for 2008. This is expected to continue into 2009 with an additional decline of 11.7 percent in residential housing starts.
- → The Denver-Boulder-Greeley Consumer Price Index for 2008 increased by 3.9 percent. This is much higher than the earlier prediction of 2.7 percent. The OSBP is projecting a mere 0.6 percent CPI increase for 2009.

<sup>&</sup>lt;sup>2</sup> University of Colorado's Leeds School of Business

# **Issues Facing the 2009/2010 Budget Development Process**

Since 2004, Jeffco has continuously been tightening its budget and making reductions. Beginning in 2009/2010, the district will be entering several years of large scale budget reductions affecting all aspects of our organization. In order to present an annual balanced budget to our Board of Education, as required by district financial policy, and to meet all reserve requirements mandated by the Board and the legislature, the district needs to reduce at least \$57.0 M over the next four years. The reductions for 2009/2010 total \$11.9 M which includes a \$1.5 M reduction in the original amount of the funding for the increase in graduation requirements and a \$700,000 reduction in the planned expansion of Warren Tech North.

While operating costs of the district continue to escalate due to inflationary pressures and legislative mandates, state funding is only allowed to grow at inflation plus 1 percent under Amendment 23. Due to the economic conditions, everyone is facing the impossible task of maintaining programs and services at their current levels. The State of Colorado is no different. Their current budget situation is dismal. Colorado is making significant budget reductions which will directly affect K-12 funding.

Jeffco's planned reductions will impact schools and departments at every level from staffing to average class size to daily operating materials and supplies. School closures, repurposing facilities, and the consolidation of school buildings are also possibilities. The effects will be felt from upper management to the individual classrooms. Leadership, teachers, association representatives, department managers, community members, parents, and the budget office all worked collaboratively to develop a list of reductions for Board consideration. The Board of Education has final authority on all financial matters. There was intense deliberation throughout the process in order to balance the district's need to maintain long term financial viability and to fulfill the mission of the district to provide the best possible education for our students.

Through the work of the Board of Education, Financial Oversight Committee, stakeholders, employee groups, and department managers, the district continues to be proactive in recognizing the financial pressures placed upon the budget. The work of these groups has identified budget reductions, productivity improvements, and operating efficiencies. These recommendations only covered a portion of the necessary cuts. Additional reductions then have to be applied to programs that we can no longer support and reductions in staff that we can no longer afford. These cuts are particularly painful and extremely restrict the level of service and education that we can sustain. Class sizes will increase, teacher support will be limited, and valuable programs will be eliminated.

#### **Past Legislative Actions**

Amendment 23, a State constitutional amendment supporting public education funding, was passed by state voters in November 2000. The amendment requires that the base per-pupil funding and categorical program increase by the rate of inflation plus 1 percent for fiscal years 2001/2002 through 2010/2011 and increase by at least the rate of inflation each year thereafter. With the additional 1 percent from Amendment 23 ending in 2010/2011, the budgetary challenges escalate significantly beginning 2011/2012.

In November 2005, the voters of Colorado passed **Referendum C** which allowed the state to retain all revenue collected from fiscal year 2005/2006 through fiscal year 2009/2010. This

# 2009/2010 Revised Adopted Budget

effectively negated **TABOR** (The Taxpayer Bill of Rights), which issues refunds to taxpayers equal to surpluses that are collected. The State estimates that Referendum C will allow the State to keep approximately \$ 3.9 B over its lifetime. The referendum specified that nearly one-third of the anticipated revenue would be spent to increase funding for K-12 public education. The impact of Referendum C for Jeffco Public Schools was very small. It only generated \$ 200,000 in additional funding for special education during 2005/2006. The TABOR surplus refunds will return in 2010/2011 and will eliminate this additional funding to Jeffco.

### **Current Legislative Actions**

The **State of Colorado**, which is also currently being forced to make dramatic budget cuts, has chosen to freeze previously awarded K-12 capital construction grants, reduce or eliminate many other grant programs, and to delay additional funding for the expansion of full-day kindergarten. There have been substantial rescissions for the current budget year; approximately \$ 2.8 M to date for Jeffco.

The final version of the School Finance Act incorporated several twists and turns targeting the legislatively required school funding levels of inflation plus 1 percent. It provided additional spending flexibility to districts but directed funds to be reserved in case of rescissions during the 2009/2010 school year. Following is a summary of significant budgetary inclusions in SB09-256:

- "Inflation" plus 1 percent to statewide base per pupil funding
- Continuation of full-day kindergarten funding at .58 per pupil funding per FTE
- Removal of mandated transfer requirements for capital and insurance reserves
- Implementation of a Fiscal Emergency Reserve
- Increased authorization level for voter approved mill levies (from 20 percent of total program to 25 percent of total program)
- Flexibility to designate real property as all or a portion of a districts TABOR reserve

There were several amendments relating to public education that were presented to the voters of the State of Colorado in November 2008. These initiatives would have improved K-12 public school funding in our state through a number of different avenues. These ballot issues were also defeated providing no relief to districts from the tightening economic constraints.

The newest legislative action of significant consequence was the passage of the **American Recovery and Reinvestment Act of 2009**. This federal legislation allocated large sums of money with the goal of stimulating the economy in the short term and investing in education and other essential public services to ensure the long term economic health of our nation. The funds earmarked for education will be disbursed to individual school districts through each state's Department of Education. Jeffco expects to receive \$ 25.0 M in grant funds to be spent over the next two years. The funds are to be used quickly to:

- save jobs
- · improve student achievement
- · improve teacher effectiveness
- provide intensive support and interventions for the lowest-performing schools

Jeffco has followed these directives and identified programs and personnel, which would have otherwise been reduced or eliminated through budget reductions, to be funded with these onetime grant funds. While these funds will offer short term relief from increasingly deeper budget

cuts, they are one-time dollars to be used over the next two years. In 2011, these funds will be gone. A list of initiatives that will be funded with these stimulus funds can be found in the Grant budget located in the Special Revenue section later in this document.

#### Mill Levy Overrides and Strategic Spend Down of Reserves

In November 1999, the voters of Jefferson County passed a mill levy override that provided additional annual revenue to the district. The initial approval was for a potential of \$45.0 M annually and was contingent upon student CSAP performance. As of 2004, the district had reached the maximum achievement believed possible, and in November of 2007, voters permanently repealed \$9.2 M which resulted in a fixed annual amount of \$35.8 M.

In November, 2004, the voters of Jefferson County again approved a property tax increase through a mill levy override. This override was for a fixed dollar amount of \$38.5 M annually to be used for operating costs. For budget year 2004/2005, this infusion of funds was not budgeted, therefore they were considered to be one-time funds. In addition, the entire amount of ongoing funds was not utilized in the 2005/2006, 2006/2007, or 2007/2008 process creating additional one-time funds flowing into reserves. The district has strategically planned to spend/appropriate the initial mill levy dollars over a period of **five years** in order to be fiscally responsible and to "stretch" the funds as far as possible.

2009/2010 is the fifth year of a five year plan to spend/appropriate the 2004 authorized funds. With the passing of the 2004 override and resulting infusion of one-time funds, schools were slated to receive approximately \$1.5 M annually for operational funds and \$1.0 M annually was allocated for facility maintenance work orders and custodial backlogs. These one-time funds were infused to the schools and facilities maintenance annually for five years. These one-time funds will be allocated for the last time in the 2009/2010 budget.

Ongoing funds from the 2004 mill levy override have been used for district wide salary and benefit cost increases. These costs grow significantly each year as over 86 percent of the general operating budget is spent on personnel. Ongoing funds have also been used to launch programs developed through the Budgeting for Results process.

During the 2004 election, voters also approved a school bond issue which was used to renovate or expand six high schools and three middle schools, build two new elementary schools, and make improvements at fourteen other elementary schools. This resulted in an infusion of over \$300 M into the local economy.

In total, the funds from the mill levy overrides and bond programs were used for quality commitments that decreased elementary class size in grades 1-3, decreased class sizes in grades 5 and 6 to prior levels, restored school safety programs, developed programs to meet new college entrance requirements, and built or improved facilities while maintaining high school electives. The strategic management of these additional funds helped offset the need for significant budget reductions in prior years.

Jefferson County Public School District put forth a new mill levy override initiative, as well as a bond refinancing option to our community on the November 2008 ballot. Both of the items were defeated by the voters of Jefferson County. Now that we are nearing the end of our five year planned spend down of reserves, and with the defeat of the 2008 ballot issues, reductions have become our only alternative to guarantee the financial stability of the district.

# 2009/2010 Revised Adopted Budget

#### **General Fund Reserves**

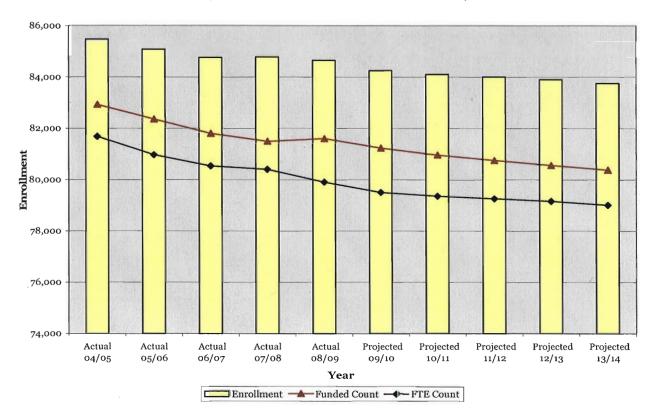

The district does currently have more than adequate reserve balances. As stated earlier, reserves have accumulated from one-time funds resulting from the incremental appropriation of override funds. Basically, any of the voter approved mill levy override revenues that were not appropriated in the first three years fell to reserves as one time funds. On top of override funds, departments and schools have been conservative in their spending and have under-spent appropriated levels resulting in additional increases in reserves. Although the reserves balance at the beginning of the 2009/2010 year are at 20 percent of total general fund expenditures, which is higher than will be required on an on-going basis, the district has a four year plan to use the reserves to mitigate future budget reductions. As is demonstrated on the General Fund Summary, the five year projection includes utilization (spend down) of existing reserves over the next four years. This spend down of reserves will offset what would otherwise be required as budget reductions. The reserves have been targeted by the teachers' union as a means for ongoing compensation increases. Spending one-time funds for on-going costs would be an imprudent measure. Unfortunately, conservative spending and prudent financial management are being criticized and were at the heart of the impasse between the teachers' association and the districts negotiating team. Although a settlement has been reached for the 2009/2010 school year, the district will need to remain firm in its financial management and not program one-time reserves for ongoing compensation increases.

#### **Continued Enrollment Decline**

Yet another factor that continues to influence Jeffco's financial planning is student enrollment. 2008/2009 was the ninth straight year of declining enrollment, and the district anticipates this trend will continue into upcoming years although numbers do seem to be leveling off. As enrollment continues to decline, funding also declines. And although, some of the variable costs associated with educating students decline when enrollment drops, such as the number of teachers staffed and per pupil allocations, the fixed costs do not decline and in most instances, actually escalate based on higher costs of services or simply due to inflationary increases. Schools still have to employ principals, and continue to pay for utilities, transportation, building maintenance, and insurance. These increased expenses place increased pressure on shrinking available resources. The historical snapshot of declining student enrollment and in turn, declining state funding, is on the following page. Changes in student mobility rates resulting from the turbulent economy may be yet another challenge on the district's budget.

### **Projected Student Enrollment One-Day Count**

School Year	Actual 04/05	Actual 05/06	Actual 06/07	Actual 07/08	Actual 08/09	Projected 09/10	Projected 10/11	Projected	Projected 12/13	Projected 13/14
Enrollment	85,478	85,083	84,769	84,796	84,657	84,260	84,110	84,010	83,910	83,760
Funded Count	82,922	82,348	81,789	81,488	81,598	81,226	80,955	80,743	80,551	80,371
FTE Count	81,688	80,969	80,534	80,401	79,907	79,509	79,359	79,259	79,159	79,009
Change in										
Funded Count	(650)	(574)_	(559)	(301)	110	(372)	(271)	(213)	(192)	(180)

Enrollment - Total students receiving services.

**Funded Count** –The higher number between the current year FTE count or the five year average of the FTE count. In 2008/2009, there was an additional factor of .08 added for full day kindergarten students thus increasing the funded count while the FTE count continued to decline.

FTE Count – Adjusted enrollment factoring kindergartners and part-time students as one-half of a student. Beginning in 2008/2009, out of district students and multi-district online students are no longer included in the FTE count.

# **Budget Assumptions**

The following assumptions have been used as a basis for developing the 2009/2010 budget. The revenue table below reflects the change in various revenue sources from the prior year budget. Most of these changes revolve around inflationary changes that affect the funding the district receives from the State. These calculations are netted to incorporate a projected decline in student enrollment. Because of Colorado's budget crisis, there have been significant rescissions to current funding levels and reductions in future funding of K-12 education. There are a few other items listed below that involve lower collections from taxes and interest earnings due to the lack of consumer spending in this faltering economy.

Incremental Changes in General Fund Revenue from Prior Year						
Increases	Decreases					
<b>\$25.1</b> M – Public School Finance Act revenue – inflationary increases	<b>\$ (2.6)</b> M – Decline in student enrollment for the tenth straight year					
<b>\$ 6.6 M</b> – Amendment 23-1% and categorical revenue	<b>\$ (1.7) M</b> – Allocation of revenue to charter schools					
<b>\$ 0.5 M</b> – Indirect Costs on American Recovery and Reinvestment Act 2009	<b>\$ (2.1) M</b> – Reduced specific ownership tax collection due to the downturn of the economy and reduction in purchases of new automobile					
•	\$ (0.6) M - Reduced tuition and fees collected					
·	<b>\$ (2.8) M</b> – State Actions - 2008/2009 rescission					
Total Revenue Increases - \$32.2 M	Total Revenue Decreases - \$ (9.8) M					
* Total Net Change in Revenue - \$ 22.4 M (less \$11.0 M in Fiscal Emergency Reserve equals \$11.4 M in new revenues)						

<sup>\* \$11.0</sup> M is not available for expenditure and held in reserve until January 2010 following the State economic forecast – CDE officials have cautioned that funds will be rescinded.

The table on the following page is a summary of significant changes in expenditures. The majority of these changes are related to compensation. They include compensation adjustments to cover employee step, level, and cost of living increases, legislatively mandated increases in employer contributions to PERA (Public Employee Retirement Association), additional staffing required to meet federally mandated ESL (English as a Second Language) and Special Education staffing. Other changes include a district wide increase in graduation requirements, the expansion of Warren Tech North, ongoing capital needs, and higher technology costs. There is a significant dollar amount associated with budget reductions. The reduction amount of \$ 9.8 M is in addition to \$ 2.1 M that was reduced from planned increases for program expansions. The reductions totaling \$ 11.9 M were necessary to maintain a balanced budget and to continue managing the district under the philosophy of long term financial planning and responsible budget practices. The financial dilemma facing the district for this year and years to come is the basis of discussion throughout this budget document. This table merely illustrates at a very high level the changes in expenditures from last year's budget.

Incremental Changes in General I	Fund Expenditures from Prior Year
Increases	Decreases
Compe	ensation
\$ 30.1 M — Salary & benefit increases, including \$4.0 M of legislated increase in employer contributions to PERA	\$ (3.9) M – Early retirement savings
<b>\$ 0.9 M</b> – Office of Civil Rights mandated English as a Second Language teachers and special education mandated teachers	\$ (0.5) M — Special Education staffing alignments
Non-Con	pensation
\$ 1.0 M — Increased graduation requirements	\$ (9.8) M – Budget reductions and efficiencies
<b>\$ 1.3 M</b> — Opening of new school or expansion of existing schools	\$ (1.6) M – Savings due to declining enrollment
<b>\$ 0.2 M -</b> Categorical expenses – transportation, special education, etc.	
\$ <b>0.3 M</b> − 21 <sup>st</sup> Century Virtual Academy, online school	
\$ 1.2 M – Increase in transfers to Capital Reserve, Technology, Risk Management and Preschools	
<b>\$ 2.5 M</b> – Budgeting for Results Proposals and Athletics increase	
Total Expenditure Increases - \$ 37.5 M	Total Expenditure Decreases - \$ (15.8) M
Total Net Expenditu	re Increase - \$ 21.7 M

As illustrated in the previous two tables, revenue is expected to increase by  $$22.4 \,\mathrm{M}$$  for 2009/2010. This includes the  $$11.0 \,\mathrm{M}$$  of Emergency Fiscal Reserve that will most likely be rescinded in January 2010 which results in a true revenue increase of  $$11.4 \,\mathrm{M}$$ . Expenditures are expected to increase by  $$21.7 \,\mathrm{M}$$ .

#### Notes:

An analysis of the FTEs changes from 2008/2009 to 2009/2010 is on the following page.

Most hourly staff are not included in the full time equivalent (FTE) calculations. The District employs approximately 5,900 hourly employees including paraprofessionals, tutors, paraprofessionals, and clinic aides, athletic coaches, activity sponsors, game workers for athletic events and substitutes for teachers, bus drivers, food service workers, secretaries, and custodians.

#### JEFFERSON COUNTY SCHOOL DISTRICT, NO.R-1 Staffing Summary by Category 2007/2008 - 2009/2010

Services

School and Student Success

⋆ Districtwide Leadership **→** Communications → Employee Relations → Governmental Relations → Educational Equity - School Management → Board of Education

relation to the district's overall operations. The General Fund is used to manage all resources that are not legally, or by sound financial management, required to be managed in another fund.

Building Bright Futures

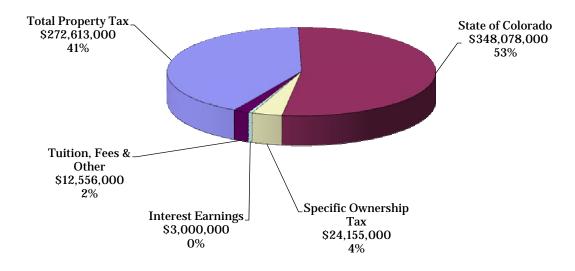

### **General Fund Revenue Sources and Classifications**

#### **Overview**

The total adopted budget for General Fund revenue is \$660.4 M. This is a \$22.4 M increase from the 2008/2009 budget, including \$11.0 M that must be held in an Emergency Fiscal Reserve until January 2010. These funds are expected to be rescinded by the State.

	2005/2006 Actual	2006/2007 Actual	2007/2008 Actual	2008/2009 Adopted Budget	2009/2010 Revised Adopted Budget

#### 2009/2010 Revised Adopted Budget General Fund Revenue Sources and Classifications

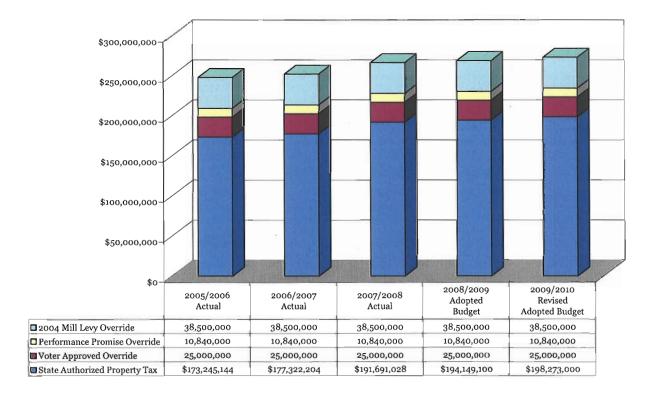

# **Property Tax**

School districts are required to impose a property tax levy to finance the local share of total program revenue. The county assessor's office determines the assessed valuation of all property located within a district's boundaries (e.g. residential, commercial, agricultural, oil, and gas). Assessed valuation is a percentage of the actual market value. The current residential assessment percentage for Jefferson County is 7.96 percent. Once the assessed valuation is determined, property taxes can be calculated by multiplying the assessed valuation times the millage rate. A mill is one thousandth of one cent and the millage rate varies from year to year depending on numerous factors.

Over the years, state tax laws have created disparities among local tax rates. In June 2007, the Colorado Legislature passed Senate Bill 07-199 that stabilized the mill levy and capped all school district mill levies at 27 mills. Jeffco's mill levy has been stabilized at 26.252 mills. The passage of this bill stopped the erosion of the local share of K-12 funding (property tax revenue). In turn, the state has been forced to fund a larger portion of K-12 education as local property tax revenue has declined. Senate Bill 07-199 has stopped this shift. If Senate Bill 07-199 had not passed, under existing TABOR laws the mill levy would have decreased. This is because under TABOR, property tax may only increase by inflation plus or minus the change in the student population. Since the district is experiencing decreasing enrollment, the mill levy would have decreased therefore causing the state to "backfill" the amount of property tax lost due to the TABOR amendment.

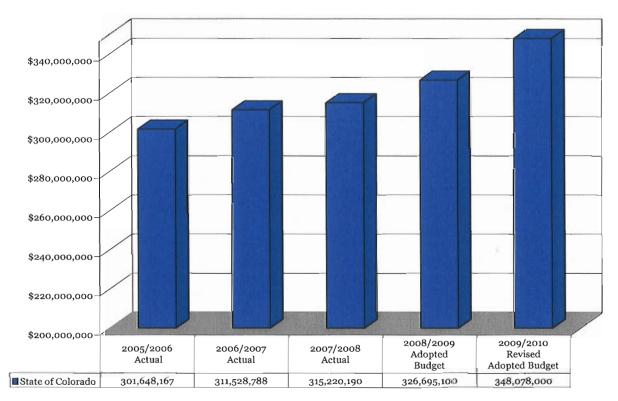

#### State of Colorado

The State of Colorado School Finance Act is based on an annual October pupil count. Students in grades 1 through 12 are counted as either full-time or part-time depending upon the number of scheduled hours of coursework. Funding is based on the number of pupils enrolled in the current school year; however, for a district with an enrollment fluctuating from year to year, funding is based on an average of up to five prior years of October pupil counts. Jeffco Public Schools has faced declining enrollment since 1999/2000. It is projected that the district will lose an additional 370 students from the funded pupil count in 2009/2010. This equates to a loss of revenue of nearly \$ 2.6 M.

Charter schools are included in the official count; however, funds are transferred directly to these schools as an allocation of revenue. There are currently 13 charter schools in the district. The following table illustrates the allocation of revenue to the charter schools.

	2005/2006 Actual	2006/2007 Actual	2007/2008 Actual	2008/2009 Adopted	2009/2010 Revised Adopted Budget
Total State of Colorado revenue	\$ 326,169,662	\$ 338,244,788	\$ 344,828,262	\$ 350,372,900	\$ 381,414,000
Allocation of revenue to Jeffco charter schools	(24,521,495)	(26,716,000)	(29,608,071)	(31,649,000)	(33,336,000)
Net State of Colorado revenue for Jeffco	\$ 301,648,167	\$ 311,528,788	\$ 315,220,191	\$ 318,723,900	\$ 348,078,000

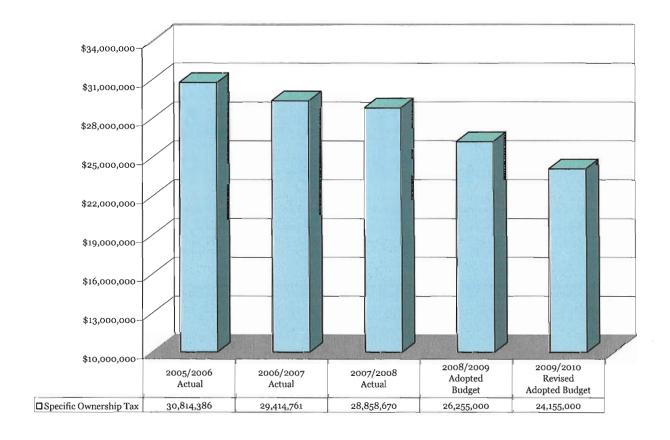

The chart below reflects our current estimate of the Colorado portion of funding.

### **Specific Ownership Taxes**

Specific Ownership Tax (SOT) also known as vehicle registration tax is collected by counties and shared with school districts. Specific Ownership Taxes have remained relatively flat since the fall of 2002. The district is projecting a decline in revenue by the end of 2008/2009, and an additional decline moving into 2009/2010 in light of the declining economy and the inability of consumers to purchase large ticket items. All taxing entities within the county share SOT based upon property taxes levied and collected.

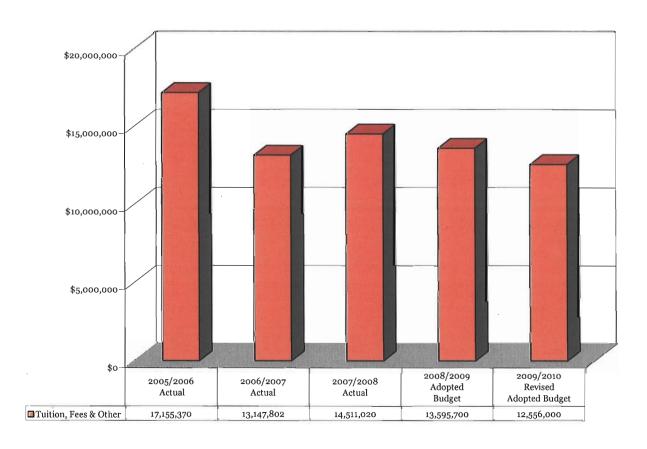

# **Interest Earnings**

This revenue source reflects interest earned on public funds being held by the district. Two factors which determine investment income are interest rates and cash account balances. For 2008/2009, interest is projected to be \$3.0 M, which is nearly \$2.0 M less than originally budgeted, due to the decrease of cash balances and sharply declining interest rates. Interest earnings are expected to remain constant in 2009/2010.

# **Tuition, Fees and Other Revenue**

The district collects other revenue from sources such as fees for participating in activities, sports, outdoor education, field trips, and other activities. The district also collects fees for building rentals from outside entities, gate receipts for sporting events, summer school tuition, outdoor education laboratory schools, and indirect cost fees. As reflected in the chart below, beginning 2006/2007, there is a \$5.0 M decrease in revenues resulting from a CDE change in accounting treatment for school-wide grant revenues. This revenue is now recognized in the Grant Fund. 2009/2010 receipts are expected to decline slightly as compared to 2008/2009.

Building Bright Futures

# **General Fund Expenditures Uses and Classifications**

# Overview

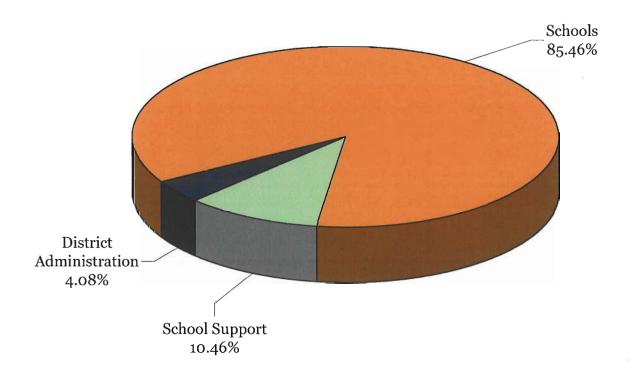

The total adopted General Fund budget is \$ 642.2 M plus an additional \$ 36.4 M in transfers from the General Fund to other funds. The table below illustrates expenditures by category and even more specifically by department. The table is followed by a chart of this same information.

	20	008/2009 Revised Budget	% of Budget	2	2009/2010 Revised Adopted Budget	% of Budget

The district is dedicated to making sure that the funding flows to and is expended at the school while providing the necessary support and minimizing administrative costs. The following three charts illustrate different breakdowns of General Fund expenditures. The first chart shows the breakdown of all General Fund dollars and how they are used. As you can see by the following chart, over 85 percent of all General Fund dollars go directly to the schools.

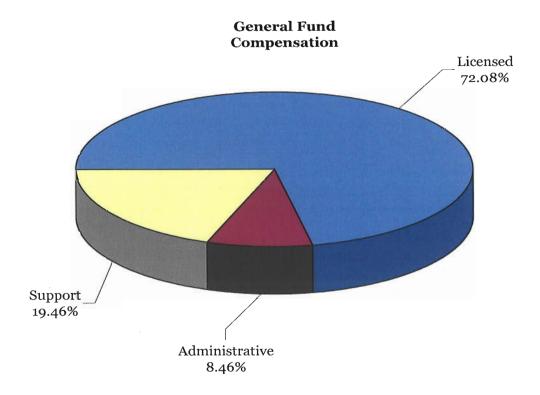

# 2009/2010 Adopted Budget General Fund Expenditures Uses and Classifications

Note: Although Jeffco is the  $35^{th}$  largest school district in the nation, we rank  $41^{st}$  in the number of administrators to total staff.

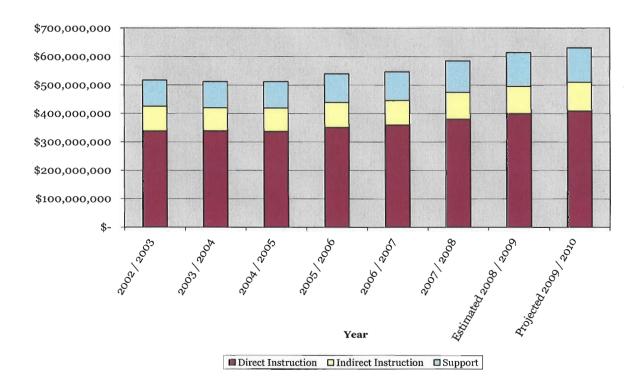

The following chart is the breakdown of compensation dollars expended from the General Fund. This demonstrates again, that the largest portion of the compensation dollars go to licensed employees; the majority of which are our classroom teachers.

The following chart shows another breakdown of General Fund expenditures. The three main categories are direct instruction, indirect instruction, and support. Direct instruction makes up the largest portion of the expenditures.

#### **Direct Instruction**

Direct instruction includes teachers, substitutes, library information specialists, intervention services staff, and instructional/operational and technology allocations.

#### Indirect Instruction

Indirect instruction includes principals, assistant principals, school secretaries, and other site-based staff such as counselors, clinic aides and campus supervisors. Also included are the departments of Diverse Learners, Athletics & Activities, Learning and Educational Achievement, Community Superintendents and other district programs such as the Outdoor Labs, and English as a Second Language.

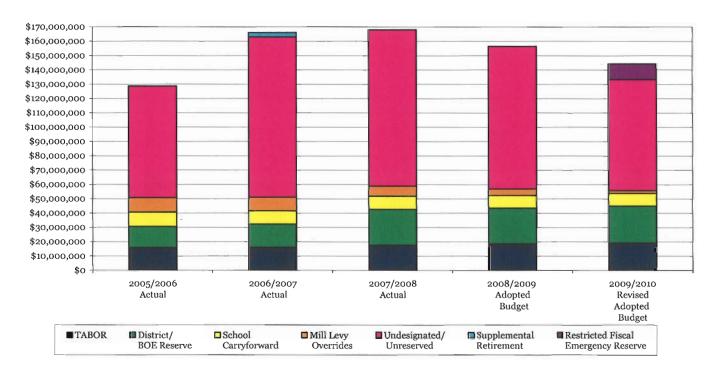

### **Support**

Support includes custodial, transportation, field services, business services, and district administration.

#### **Fund Balance**

Based upon the operating results for the General Fund as of June 30, 2008, projections of the ending budgetary fund balances for 2008/2009 and 2009/2010 are shown in the chart below:

The fund balance consists of several components. By statute, the district must maintain a TABOR reserve equal to 3 percent of total expenditures not including federal funds and other expenditures specifically excluded from the TABOR reserve calculation. In addition, the Board of Education requires a 4 percent of total expenditures reserve. The reserve target of 4 percent was set in 2002/2003 and was met in 2007/2008 which was the year initially set to meet this target. There is also a reserve for the carryforward of unspent school discretionary allocations, and a reserve associated with the 2004 mill levy override. In 2006/2007, the district issued Certificates of Participation for a contribution to the Supplemental Retirement Plan. All of the proceeds were not spent in 2006/2007, therefore, creating a Supplemental Retirement reserve of \$1.0 M in 2006/2007.

With the passage of the mill levy override in November 2004, reserves were set aside to help offset future budget reductions. As demonstrated above, the mill levy override reserves have been spent down as planned over the last four years. 2007/2008 was the first year that revenue exceeded expenditures causing the decline in reserves that were set aside for this purpose. The reserve will decline as future year expenditures exceed revenues. This is the strategic planned spending of reserves that has been in place since 2004 and is reflected as Undesignated/Unreserved Fund Balances.

#### Notes

2009/2010 Division of Instruction was re-organized. Diverse Learners includes: Exceptional Student Services, Multicultural Student Services, Gifted Talented, Grants Management, Hearing, Itinerant Services, SPED Preschool, Child Find/Preschool, Challenge Program, Choice Area Intervention, Jeffco Transition Services, Lighthouse Program, Sobesky - Mtn. Campus, Academy 6-12, and Elementary, and SWAP-School to Work Alliance Program.

2009/2010 Budget reductions include 10 FTE Teachers, 1 FTE Technicians Classified, and 1 FTE Executive Director. OCR mandated increase of \$600,000 includes 7 FTE Teachers and 1 FTE Resource Teacher. Used \$325,000 Mandated ESS Teacher increase and reduced \$175,000 para professional/educator to payback \$500,000 of the staff alignment plan started in 2008/2009. This payback will continue for 2 more years.

2008/2009 includes funding for a four year staff alignment plan with first year funding of \$1,500,000. Budget was reduced by \$300,000 due to realignment of excess costs for placed out of district students with no reduction in services to special needs students. Multicultural Student Services includes a General Fund increase of \$925,000 to cover OCR mandated ESL teachers-13 new elementary positions were added. Reduced contingency in Multicultural Student Services - \$30,000.

2007/2008 includes one-time caryforward for Encore training and support - \$60,000, and the balance due on Spectrum contract \$146,500. Transfer of 6 FTE from Grant Fund to cover increased expenditures due to change in indirect cost rate.

#### Notes:

2009/2010 Division of Instruction was re-organized. Learning & Educational Achievement includes: Career & Technical Education, Curriculum and Instruction, Family Literacy, and Staff Development. Budget Reductions include 1 FTE Administrator.

2008/2009 BFR Proposal #234 includes incremental increase for proposal #114 Online Learning Opportunitites - \$597,300 ongoing funds. BFR Proposal #207 Increase full-time instructional coaches in middle schools, phase in increase of 2.5 FTE - \$128,200. The reversal of a 2008/2009 one-time BFR proposal for \$67,500 reduces the 2009/2010 Preliminary budget.

In 2008/2009 a .5 FTE was added for 504 Coordinator. Reduced \$350,000 from BFR Proposal #14, funds transferred to Elementary schools All-Day Kindergarten. 2007/2008 includes one-time caryforward of \$382,200.

Mt View Detention	8.00	7.50	7.50
<b>Total FTEs Other School Programs</b>	61.00	59.50	59.50

#### Notes:

Class Size Relief - paraprofessional hours are based on enrollment increases after the beginning of each school year. The budget for Class Size Relief is budgeted centrally, but the expenditures are charged to individual elementary schools.

2008/2009 Mt View Detention Center reorganization resulted in a .5 FTE reduction.

Home School Option and Jeffco Net Academy (formerly Online Education) were split in 2008/2009. Home School Option will be funded through Charter Schools.

Building Bright Futures

<b>Total FTEs Other School Support Program</b>	27.75	32.75	33.00

#### Notes:

2009/2010 Budget reductions include the closing of the Planetarium thereby reducing 1 FTE Resource Specialist and .75 FTE Secretary. Reduction # 51 reflects the net reduction associated with closing the Planetarium. Reduction in expense totals \$166,400 and reduction in revenue totals \$100,000, with a net reduction of \$66,400. 2 FTE Teachers were added to the Johnson Program.

The reversal of a 2008/2009 one-time BFR proposal for \$1,200 for Dropout Prevention & Recovery reduces the 2009/2010 Preliminary budget.

Mount Evans and Windy Peak Outdoor Education: 2008/2009 BFR Proposal #201 increases nursing staff at Outdoor Lab schools - \$100,000 on going funds.

2008/2009 Out of District Placement reduced by \$1,200,000 due to change in School Finance Act. Facility students are no longer included in the district.

#### Notes:

2009/2010 Division of Instruction was re-organized. School & Student Success includes: Homebound & Health Services, I2a School Improvement & Support, Student Services Response, and Summer School.

2009/2010 Budget reductions include 1 FTE Administrator. Increased 1 FTE Executive Director. Read 180 and School Based RtI Training - increase of one-time funds \$1,549,600 stimulus and \$355,000 BFR Proposal #313, no increased FTE. The \$519,000 incremental costs associated with I2a progress monitoring will be covered with stimulus funds in 2009/2010 and 2010/2011, but will move to the General Fund in 2011/2012.

Homebound and Health Services: 2008/2009 BFR Proposal #225 Student Health and School Safety increases district nursing staff by 2 FTE - \$139,900 ongoing funds.

	Total Transportation						

#### Notes:

2008/2009 General Increase of \$1.0 M for fuel. Bus driver FTEs were adjusted to more accurately reflect actual staffing and there was an increase in bus driver salary due to a market analysis adjustment - \$393,000.

2008/2009 Budget reduction totaling \$90,700 - Eliminate 1 bus route, reduce sub bus drivers, bench stock, shop supplies.

2009/2010 Budget reduction of 12.0 FTE by eliminating bus routes.

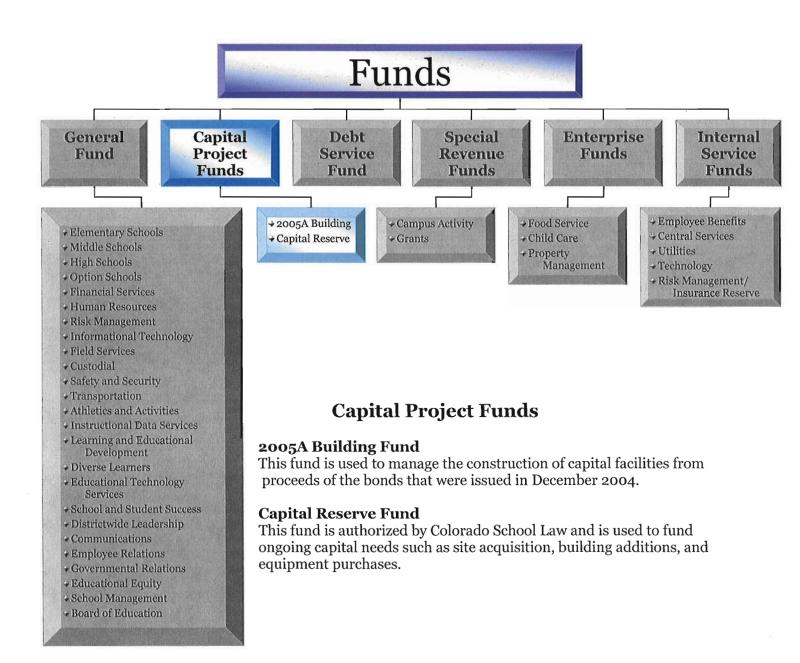

#### Jefferson County School District, No. R-1 2009/2010 Revised Adopted Budget Transportation

#### JEFFERSON COUNTY SCHOOL DISTRICT, NO. R-1 2009/2010 Revised Adopted Budget FTEs - Special Revenue Funds

	2007/2008 FTEs	2008/2009 FTEs	2009/2010 FTEs
Campus Activity Fund			
Administrators	1.00	-	-
Licensed	-	-	0.10
Support	0.50	0.50	
Total Campus Activity Fund FTEs	1.50	0.50	0.10
Grants Fund (1)			
Administrators	13.50	16.50	14.00
Licensed	156.00	244.00	301.00
Support	42.50	32.00	24.00
Total Grants Fund FTEs	212.00	292.50	339.00
Total Special Revenue Funds FTEs	213.50	293.00	339.10

(1) In 2008/2009, FTEs increased to move Title I Schoolwide Grant teachers from the General Fund to the Grants fund due to a change in accounting for this grant.

In 2009/2010, administrative, licensed, and support staff was reduced because the funding for some grants ended at the end of 2008/2009. Additional ARRA stimulus funding allowed the district to increase staff the number of special education teachers, elementary and middle school instructional coaches, classroom teachers in low income schools, technician and liaisons to support grants to low income schools and library media specialists to support technology grants.

Technical support for computers for students housed at delinquent facilities.	10,000	
Smart Boards, Library Software & Equipment	21,500	
Library Media Specialists on Special Assignment	90,600	2.0
Food Service Equipment - Ovens, Freezers, Ranges, Coolers	179,300	
Indirect Cost @ 4.77%	572,200	
	\$12,567,700	147.8

Jeffco expects to receive \$25.0 M from the American Recovery and Reinvestment Act (ARRA) over the next two years. The funds are one-time money and will be gone in 2011. The initiatives on the above table are budgeted for year 2009/2010. These funds are to be used to save jobs, improve student achievement, improve teacher effectiveness, and provide intensive support and interventions for the lowest-performing schools.

#### Revised Adopted Budget Grants

#### Schedule of Revenues, Expenditures and Changes in Fund Balance

	June 30, 2008 Actuals	2	2008/2009 Revised Budget	June 30, 2009 Estimate
Revenue:				
Federal government	\$ 32,279,112	\$	30,451,900	\$ 32,060,000
State of Colorado	1,131,345		2,219,600	820,000
Gifts & Grants	1,141,200		497,000	2,210,000
Total Revenues	34,551,657		33,168,500	35,090,000
Expenditures:				
Elementary instruction	8,120,490		8,476,000	8,550,000
Middle level instruction	788,552		784,600	980,000
Senior high instruction	1,011,428		894,300	380,000

Intervention services	17,566,627		15,338,300	16,360,000
Total Expenditures	34,938,104		33,030,100	34,380,000
Excess of Revenues Over (Under) Expenditures	(386,447)		138,400	710,000
Other Financing Sources (Uses) Operating Transfer In Operating Transfer Out	- -		-	<u>-</u>
Excess of Revenue and Other Financing Sources Over Expenditures	(386,447)		138,400	710,000
Fund Balance - Beginning	1,744,016		1,357,569	1,357,569
Fund Balance - Ending	\$ 1,357,569	\$	1,495,969	\$ 2,067,569

The proposed budget for 2009/2010 and planned budget for 2010/2011 includes ARRA Stimulus grant money of approximately \$25 million to be spent over the next two years. Most of the additional money provides funding to improve teaching and results for children with disabilities through the Individuals With Disabilities Education Act (IDEA) and additional funding for schools with high poverty levels to help improve teaching and results for students through Title I. Other smaller ARRA Stimulus grant awards will be used to fund food service equipment, instructional technology, and services for students housed in delinquent facilities.

Stimulus Funds are one-time funds to be used over the next two years and will be gone in 2011.

These funds are to be used to save jobs, improve student achievement, improve teacher effectiveness, and provide intensive support and interventions for the lowest-performing schools.

#### **Food Service**

This fund manages all financial activities associated with the school breakfast and lunch program which strives to provide healthy, nutritionally balanced, cost effective meals to students.

#### **Child Care**

This fund manages all financial activities associated with the schoolage enrichment before and after school program, preschool, and some of the district's full day kindergarten programs.

#### **Property Management**

This fund manages all financial activities associated with community use of district buildings, fields, and other facilities.

Building Bright Futures

→ Governmental Relations→ Educational Equity

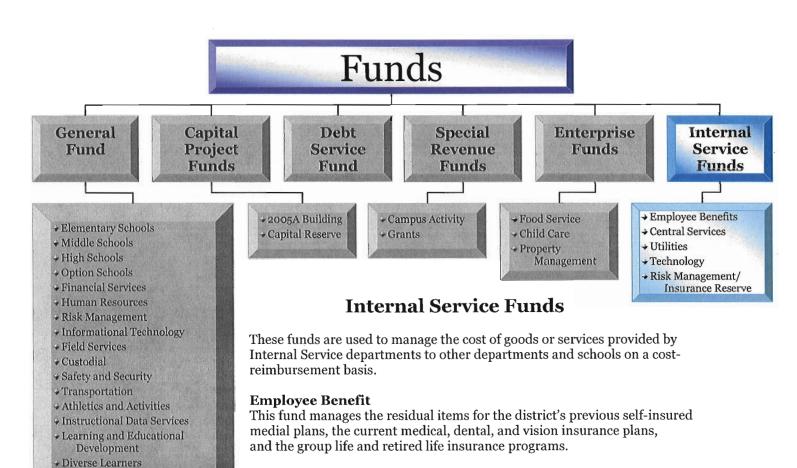

→ Communications

→ Employee Relations

& School Management

Board of Education

→ School and Student Success

#### **Central Services**

This fund provides copier and printing services as well as audio-visual installation, maintenance, and repair for schools and departments. This internal service fund receives no direct General Fund operating transfers. Revenue is received based on billings to schools and departments for services rendered.

#### **Technology**

This fund manages the many technology systems, infrastructure, support, and maintenance to provide technology services and solutions that support the district's educational and business goals.

#### Risk Management/Insurance Reserve

This fund is authorized by state law to allow the district to maintain an insurance reserve for self-insured purposes and to fund liability, workers' compensation, and property insurance premiums.

- (1) In 2008/2009, .33 FTE was added to cover portion of Administrator System Architect for Maximo system.
- (2) In 2008/2009, the District added FTEs for Voice Over Internet Protocol (VOIP) work, I²(a) Instructional Tracking, Maximo Workorder Administration, E-rate Billing, and Web Strategy work. Technology also reorganized which created FTEs to work on Campus Student Information systems and Education Project management.

In 2009/2010, 5 FTE were eliminated as part of district-wide budget reductions.

**(3)** In 2008/2009, a Manager FTE was added to increase the effectiveness of the Safety and Security department.

In 2009/2010, the 2 FTE Investigators were moved into Employee Relation's budget in the General Fund due to reorganization of manager responsibilities.

Net Assets (deficit) - ending	 8,575,171	\$ 7,459,571	\$	9,530,271

Notes: Planned spend down of net assets is expected after 2006/2007, due to the planned capitalization of projects.

For 2009/2010, \$1,100,000 in a one-time BFR proposal is included to continue site-based tech support at the schools. \$383,000 was also funded in an on-going proposal for maintenance agreement increases.

For 2008/2009, \$726,300 in ongoing and \$1,822,620 in one-time BFR proposals have been funded. These proposals include ETAP funding, staff development, maintenance agreement cost increases and the District web site reengineering project.

Building Bright Futures

## **Glossary**

**2005A Building Fund – Capital Projects:** This fund is used to manage the construction of capital facilities from proceeds of the bonds that were issued in December, 2004.

**Account:** Financial reporting unit for budget, management, or accounting purposes.

**Accounts payable:** The amounts owed to others for goods and services rendered. Money the district owes to its suppliers.

**Accounts receivable:** Amounts due from others for goods furnished and services rendered. Money owed to the district from customers.

**Accrual basis of accounting:** Method of accounting that recognizes the financial effect of transactions, events, and interfund activities when they occur, regardless of the timing of related cash flows.

**Allocation:** Component of an appropriation earmarking expenditures for a specific purpose and/or level of organization.

**Amendment 23:** Amendment to the State Constitution approved by the voters in November 2000. This amendment requires that the state fund public education at a minimum of growth plus inflation plus one percent for the next ten years beginning with fiscal 2001/2002 and thereafter at growth plus inflation.

**Appropriation:** A legal authorization granted by the governing body to incur expenditures and obligations for a specific purpose.

ARRA: American Recovery and Reinvestment Act of 2009.

**Assessed value:** The taxable value of property as determined by a tax assessor or government agency. Property taxes are paid on the basis of a property's assessed valuation, which is only a fraction of a property's market value.

**Asset:** Resources owned or held which have monetary value.

**At-risk factor:** A factor used to compute the additional amount of funding a district receives for its atrisk pupils. Each district starts with an at-risk factor of 11.5 percent. Districts with more than the statewide average proportion of at-risk pupils receive an at-risk factor of 11.5 percent plus three-tenths of one percentage point – 0.36 percentage points for a district with a pupil count greater than 50,000 – for every percentage point that the district's proportion exceeds the statewide average, up to 30 percent.

**At-risk funding:** Colorado's Public School Finance Act provides additional funding for schools that serve students who are at risk of failing or dropping out of school. The additional funding is based on the district's per pupil funding and the number of at-risk students in addition to the proportion of at-risk students in the district. The proportion of at-risk students in each district is measured against the statewide average proportion.

**At-risk pupils:** Students who are eligible for the federal free lunch program due to the family income or those students who have limited English skills and meet other criteria.

**Balanced budget:** State statutes require the school district budget to be balanced. A balanced budget may not have expenditures, interfund transfers, or reserves, in excess of available revenues and beginning fund balances. Total available resources must equal or exceed total expenditures and transfers.

**Bandwidth:** The amount of information that one can send through a connection, measures in bits-per-second (Bps). A standard page of English text contains about 16,000 bits.

**Basis of budgeting:** Method used to determine when revenues and expenditures are recognized for budgetary purposes.

**Bond:** A long-term promise to pay. It is a promise to repay a specified amount of money (the face amount of the bond) on a particular date (the maturity date). Bonds are used to finance capital projects.

**Bond election:** A ballot question to the electorate allowing a school district to borrow money for capital improvements: building renovations, upgrades, and the construction of new facilities.

**Budget:** A monetary plan for how to spend money or resources on employees, programs, and other required purposes.

**Budget amendment:** Modification of the adopted budget. Budget amendments must be approved by the Board of Education.

**Budget transfer:** The movement of budget dollars from one fund to another.

**Budget year:** A budget year is an accounting period of 12 months. For Jeffco Public Schools, the fiscal year runs from July 1 to June 30. The district develops a budget for each fiscal year.

**Budgeting for Results:** A unique budgeting process that ties the goals of the district's Strategic Plan to available resources through the approval of submitted proposals.

**Campus Activity Fund:** This Special Revenue Fund is used to manage revenues collected on behalf of the participants who will benefit from the expenditures, e.g., school fundraising events.

**Capital assets:** Assets of long-term nature intended to be owned or used for more than one fiscal year, e.g. land, buildings, machinery and furniture.

**Capital outlay:** Expenditures for real and personal property that have substantial cost and usefulness for more than one year.

**Capital Reserve Fund:** This fund is used to fund ongoing capital needs such as site acquisition, building additions and equipment purchases.

Carry forward: Re-appropriated funds not spent in previous years.

**Cash flow:** The dollars flowing into and out of the district.

**Categorical funding/programs:** Categorical funding is state funding for special programs -- special education, vocational-technical education and transportation. These funds must be spent on the programs for which they are earmarked.

**CCHE:** Colorado Commission on Higher Education

**CDE:** Colorado Department of Education

**Central Services Fund:** This Internal Service Fund accounts for costs of operations to various users. Costs of operations include all direct costs plus depreciation, space rental, utilities, interest, and maintenance costs. Programs included: Copier, Printing, and Equipment Repair.

**Certificates of Participation (COP)** – An instrument evidencing a pro rata share in a specific pledged revenue stream, usually lease payments by the issuer that are subject to annual appropriation. The certificate generally entitles the holder to receive a share, or participation, in the lease payments from a particular project. The lease payments are passed through the leaser to the certificate holders.

**Child Care Fund:** This Enterprise Fund accounts for all financial activities associated with the District's school-age childcare, preschool, and full-day kindergarten classes.

**CIP:** Capital Improvement Plan / current bond program 2005-2010.

**Communications Team:** Responsible for developing and implementing an internal/external communications plan related to Budgeting for Results.

**Compensation:** Salary and benefits paid to employees for their services.

**Consumer Price Index:** (CPI) Measures changes in the price of consumer goods and services, and is a measure of the pace of U.S. inflation.

COLA: Cost of Living Adjustment - An adjustment of the compensation rates.

C.R.S: Colorado Revised Statute.

CSEA: Classified School Employees Association.

CSAP: Colorado Student Assessment Program.

**Debt Service Fund:** This fund manages the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

**Debt service requirement:** The amount of money required to pay both the interest and principal on outstanding debt over a period of time.

**Depreciation:** The purchase cost of an asset amortized over the useful life of the asset.

**Direct cost:** An identified cost with a specific objective and not a common, joint or collective purpose.

**Discretionary programs:** Programs that are not mandated by law or any other authority.

**DLEA:** Department of Learning and Educational Achievement.

**Early retirement:** Typically the savings from the retirement of more senior, experienced and therefore higher paid certificated employees is used to cover the step and level increases for the remaining certificated employees.

Education Technology Access Plan (ETAP) — ETAP is a comprehensive plan designed to provide Jeffco students and staff with equal access to technology equipment, support and training. ETAP key goals are to provide a systematic plan for the timely refresh of equipment, establish standards for instructional software, allow for R&D on technology innovations, provide for technology support, set expectations and accountability on the use and availability of technology, offer training opportunities for staff on technology tools, and create a formal planning process for the technology needs of all Jeffco schools and departments. ETAP is the living action plan that supports Technology Plan Objective #5, "Ensure technology equity for students and staff".

**Employee Benefits Fund:** This fund manages the residual items for the previous self-insured medical plans and the current medical, dental and vision insurance plans; group life and retired life insurance programs; Public Employee Retirement Association contributions and other employee benefits programs.

**Enterprise Fund:** Enterprise Funds are used to account for operations that are financed in a manner similar to private enterprise, where the intent is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily by user charges.

**Equalization:** The state finance act is written to "equalize" funding. Each school district receives approximately the same amount of funding per pupil, with variances based on special conditions like the number of at-risk students.

ESL: English as a Second Language. A mandated program.

**Expenditure:** The payment made for the purpose of acquiring an asset, service or settling a loss.

**Expense:** Charges incurred for operations, maintenance, interest or other charges.

Fiscal Year: FY - An accounting period of 12 months. For Jeffco Public Schools, the fiscal year runs from July 1 to June 30.

Fixed costs: Costs that are not calculated on variables such as student enrollment.

**Food Service Fund:** This Enterprise Fund manages all financial activities associated with the school breakfast and lunch program.

**FTE:** Full Time Equivalent. Used in reference to employees as well as students. **Employees**: Number of positions calculated on one FTE = a 40-hour work week for twelve months. For example, two part-time positions working 20 hours for twelve months also equals one FTE. **Students**: Total full-time student enrolled.

FTE count: Calculation of total students with kindergarten age and part-time students counted as one-half pupil.

**Full-Day Kindergarten:** A program offered to improve student achievement. The majority of programs are tuition based. There are some elementary schools that receive additional funding from the State for full-day kindergarten programs. The selection is based on percentage of free students to total student population.

Fund: Fiscal and accounting tool with a set of accounts to record revenue and expenditures.

**Fund balance:** The fund balance is unallocated money that is remaining at the conclusion of the fiscal year.

**Funded count:** Calculation of the student FTE count based upon the higher of actual FTE count or the averages of two, three or four years.

**General Fund:** General fund is the operating budget of the district that covers day-to-day expenses such as salaries, utilities and instructional supplies and materials.

**Generally accepted accounting principles (GAAP):** Conventions, rules, and procedures that serve as the norm for the fair presentation of financial statements.

**Governmental funds:** Funds that are used to manage expendable financial resources and related current liabilities, except those managed in proprietary funds. Governmental funds include the General Fund, Special Revenue Funds, Capital Project Funds, and Debt Service Fund.

**Grants Fund:** This Special Revenue Fund is used to manage federal, state, and private sector grant programs.

I<sup>2</sup>a: Instruction/Intervention Assessment Project – Division of Instruction project to support curriculum, instruction, and assessment in schools. In 2006/07 an assessment program was piloted thought the BFR process.

IBNR: Insurance claims Incurred But Not Reported.

**Indirect cost:** A cost incurred for a common or joint purpose benefiting more than one cost objective and not readily assignable to the cost objectives specifically benefited.

**Inflation:** An increase in the level of consumer prices or a persistent decline in the purchasing power of money, caused by an increase in available currency and credit beyond the proportion of available goods and services.

**Information Technology:** (IT) Computer based systems used to acquire, store, and process information such as hardware, central processing units, personal computers, ancillary equipment such as printers, scanners, video monitors, keyboards, etc. Information Technology also includes the software and program applications that allow the equipment and systems to operate.

**Insurance Reserve Fund:** This Internal Service Fund is authorized by State law to allow maintenance of an insurance reserve for liability, worker's compensation, and property insurance premiums.

**Internal Service Funds:** These funds are used to manage the financing of goods or services provided by one department to other departments and schools on a cost-reimbursement basis.

Intervention Services: Special services offered to special education and gifted/talented students.

JCAA: Jefferson County Administrators' Association

**JCAPP:** Jefferson County Adolescence Parenting Program

JCEA: Jefferson County Education Association

LAN: Local Area Network

**Legal Debt Margin:** Excess of the amount of debt legally authorized over the amount of debt outstanding.

**Levels:** Salary increases for licensed staff based on achieving post secondary educational milestones.

**Liabilities:** Money owed for salaries, interest, accounts payable, and other debts.

**Local share:** The local share includes revenue from property taxes and specific ownership taxes.

**Major governmental funds:** The General Fund, Debt Service Fund, Capital Project Fund including the 2005A Bond Fund are considered major funds for reporting on the annual audited financial statements.

MAN: Metropolitan Area Network

**Mandated programs:** Programs that are imposed by law or another authority. Examples of mandated programs include special education, ESL (English as a Second Language), and services to expelled students.

**Mandatory transfers:** State statute required transfers to the Capital Reserve Fund and the Insurance Reserve Fund.

**MAXIMO:** A work order system to track the cost of service/maintenance requests.

Mill: One mill of tax is one-tenth of one percent (or \$1 per each \$1,000 of property valuation.) Each mill of tax is applied to the assessed value of a home.

Mill levy: A property tax rate based on dollars per thousand of assessed valuation.

**Mill levy override:** An election seeking taxpayer approval to increase property taxes for general operating expenses, textbooks, instructional supplies, etc.

NCLB: No Child Left Behind – federal legislation

**Non-major governmental funds:** The Special Revenue Funds are considered non-major governmental funds for reporting the annual audited financial statements. The Special Revenue Funds include the Grants Fund and the Campus Activity Fund.

**OCR:** Office of Civil Rights

Ongoing Funds: Budget for Results Proposals which has funding that will continue for multiple years.

**On-line students:** Students enrolled in an on-line education program providing sequential program instruction to educate a child who resides in Colorado through services accessible on the World Wide Web and monitored by a district coordinator and a site coordinator. If an on-line program is provided by a charter school, the site coordinator has the sole responsibility for monitoring the program.

One-time Funds: Budgeting for Results Proposals that are funded for current year only.

**Operating budget:** Plans for current expenditures and the proposed means of financing them.

**Operating expenditures:** Expenditures charged in a fixed period of time to reflect day-to-day operations.

Out of District Placement (OODS): Placement of students to facilities out of the District.

**PERA:** Public Employees Retirement Association

**Per pupil funding:** The amount that results from combining the statewide base revenue with the components of the formula. The per pupil funding is multiplied by student enrollment to determine funding, before accounting for on-line and at-risk students.

**PPR:** Per-Pupil Revenue - the amount of funding the state provides per student.

**PPOR** Per-Pupil Operating Revenues - the per-pupil revenue less the minimum mandatory transfers into the capital reserve or risk management/insurance reserve funds.

Property Management Fund: This fund manages all financial activities associated with community use of facilities.

**Property tax:** A local tax calculated by applying a mill levy to assessed value. Revenue from the property tax represents the primary source of local funding for K-12 public education.

**Program:** A group of closely related activities or services provided by an organization within the District. Programs produce some type of measurable result. The activities or services can be mandatory or discretionary.

**QMOE** (**Qwest Metro Optical Ethernet**) – QMOE service combines the power of Ethernet and optical technologies across metropolitan area networks (MANs) to provide low-cost, scalable and secure bandwidth. QMOE provides local area network (LAN to LAN) connectivity between two or more customer locations within a metro area and is suitable for data applications that include data file transfer, internet access, of-site data storage and access to hosting, outsourced mail and file server service, and outsourced application service. The service is also well suited to voice and video applications.

**Refunding:** Issuance of new debt whose proceeds are used to repay previously issued debt. The proceeds may be used immediately for this purpose (a current refunding), or they may be placed with an escrow agent and invested until they are used to pay principal and interest on the old debt at a future time (an advance refund).

**Rescission:** Money taken back by the State of Colorado which had previously been allocated.

**Revenues:** Money received as income such as local property taxes, specific ownership taxes, grant awards, interest income, tuition, and fees.

**School Finance Act:** The Public School Finance Act is the formula that determines how school districts in Colorado are funded. The state legislature decides each year how much to increase funding for schools.

**Section 504:** Section 504 of the Rehabilitation Act of 1973 requires all schools receiving federal funds to provide appropriate accommodations for any student with an impairment that substantially limits one or more major life activities. This civil rights law's purpose is to ensure that students with qualifying disabilities have equal access to school facilities, curriculum and that they can demonstrate knowledge of the curriculum. Unlike special education, no specific federal or state funding is provided for supporting a district's Section 504 work. Therefore, implementing most accommodations is the responsibility of regular classroom teachers. Additional, Section 504 provides eligible students detailed rights and due process protection.

**Specific Ownership Tax (SOT):** The annual tax that residents pay to license vehicles. A portion of that tax funds schools.

**Special Revenue Fund:** These funds account for revenues that are legally restricted to expenditures for particular purposes such as Campus Activity Fund and Grants Fund.

**Stakeholder Panel:** Representatives of interest groups provide input, feedback and advice on components of the budget process.

**State aid:** Funding provided by the State under the Public School Finance Act. State aid is the difference between a total program and local school finance revenue sources.

**Statewide base per pupil funding amount:** The dollar amount to which the factors are applied in determining the per pupil funding level.

**Stimulus Funds:** One time funds allocated by the Federal government. These funds will be distributed over two years and will be gone after that. The funds are to be spent quickly to save jobs, improve student achievement, improve teacher effectiveness, and provide intensive support and interventions for the lowest-performing schools.

**Strategic Investment Fund:** The Board of Education has agreed to set aside \$3 million a year for one-time investment in programs or initiatives that improve student achievement.

Steps: Salary increases based of years of service. Typically, each year of service equates to one step.

**Strategies:** Developed in the 2006/2007 Budgeting for Results process to efficiently and effectively achieve desired results.

**Supplemental Appropriation:** A supplemental appropriation resolution can be adopted by the governing board if modifications to the adopted budget are required. An example would include when additional revenues are received by the District.

**TABOR reserves:** The Amendment passed by Colorado voters requires school districts set aside 3 percent of the annual revenue increase. Jeffco Public Schools currently has about \$14 million in TABOR reserves. The district can spend the interest on this reserve account.

**TAN:** Tax Anticipation Notes. Since the majority of taxes are not disbursed to school districts until the spring of each fiscal year, rather than borrow the necessary funds to operate and pay interest, Jeffco Public Schools sells notes through investment banking firms and earns a modest interest rate.

**Technology Fund:** This Internal Service Fund is used to allocate the costs for various technology-related activities to schools and departments.

**Total program:** Per pupil funding multiplied by the number of pupils, plus on-line and at-risk funding.

**Variable costs:** Costs that vary with an objective such as enrollment. Examples are teacher salaries and mileage.

WAN: Wide Area Network
